Dear Attorney General Nixon:

I have received your campaign manager, Mr. Ken Morley's letter dated November 27, 2007 (actually received at 4:51 pm on November 28) purporting to respond to our multiple requests for the documentation necessary to permit us to process and credit your remittance of \$47,021.91 for non-state use of state resources.

Unfortunately, the three pages of materials fall well short of what is necessary. Most notably, on October 30 we asked for documentation of the dates and mileage amounts for which the state will be reimbursed. After a month, you were able to produce only a one-page summary and cover letter. They provide absolutely no data from which we can determine whether the state is being fully reimbursed. At a minimum, mileage logs and supporting documents such as receipts should be available especially for the months where you have estimated your mileage use. I see no reason that they cannot be produced promptly.

Again, my office is eager to see the documentation necessary to ensure that Missouri's taxpayers are being fully reimbursed. Please work with us to that end.

If I do not receive some response by December 7, 2007, I will have no choice but to use the powers granted to me by statute to ensure that the proper accounting required by law is made available to the state. Please contact Mr. AuBuchon at the telephone number set out above if you have any questions.

Sincerely,

Michael N. Keathley
Commissioner
